

2025 MAZDA CX-90 MILD-HYBRID INLINE 6 TURBO AND
CX-90 PLUG-IN HYBRID FACTORY-RECOMMENDED MAINTENANCE

WELCOME TO MAZDA CX-90 OWNERSHIP

Engineered from the ground up to stir your emotions each time you get behind the wheel, the Mazda CX-90 is the embodiment of Mazda's passion and innovation. Its stunning design, intuitive technology and seamless functionality elevate every drive. It has been created to not just transport you, but move you. To maintain the craftsmanship of your CX-90, trust the service professionals at your Mazda Retailer.

CAPABILITY

Behind the wheel of your CX-90, you can fine-tune the responsiveness and traction to match any driving situation. At your Mazda Retailer, the service professionals are committed to maintaining your performance kilometre after kilometre.

PERFORMANCE-CENTRED

Designed with the driver in mind, the CX-90's Mild-Hybrid Inline 6 Turbo engine delivers enhanced torque and performance. For a service experience that is just as optimized as your performance, rely on our factory-trained experts to maintain the quality of your CX-90 using only Mazda Genuine Parts and equipment.

WHY CHOOSE MAZDA GENUINE SERVICE?

Maintenance is approached with a passion for Mazda and the promise to protect the joy in every drive.

EXPERT TECHNICIANS

Our factory-trained professionals are well-versed in the craftsmanship of your CX-90 – no one knows your Mazda's hybrid technology like we do.

GENUINE MAZDA PARTS

Rely on the only parts engineered with the same quality, fit, finish and performance as your CX-90 – Genuine Mazda Parts.

STATE-OF-THE-ART

FACILITIES & TECHNOLOGY

Our service facilities are equipped with advanced tools for accurate and comprehensive service.

TRANSPARENCY

At every service visit, a comprehensive vehicle inspection and Vehicle Health Check Report Card will be provided.

GENUINE MAZDA OIL, THE LIFEBLOOD OF YOUR VEHICLE

Our lubricants have been approved by Mazda engineers, featuring leading-edge additive technology, exceptional resistance to thermal breakdown, outstanding low temperature fluidity, and excellent engine protection against wear and deposit formation under the most severe driving conditions.

Your 2025 Mazda CX-90 Plug-In Hybrid also requires the following:

REGULAR MAINTENANCE MATTERS

No one understands the human-centric engineering of your CX-90 better than the service experts at your Mazda Retailer.

OPTIMAL ENGINE PERFORMANCE

Maintain peak performance of your CX-90 with maintenance completed by our factory-trained technicians.

SAFETY ASSURANCE

Our team ensures all safety systems in your CX-90 are in proper working order.

EXTENDED VEHICLE LIFETIME

Enjoy your CX-90 for many years to come when you follow your recommended maintenance schedule.

PROTECTED RESALE VALUE

We are here to make your investment last and maintain your CX-90's value.

VEHICLE STATUS MONITOR AND CONDITION-BASED MAINTENANCE

View important vehicle maintenance messages, information, and intervals right from Mazda Connect in your centre display. The Vehicle Status Monitor alerts you of maintenance needs, even allowing you to check the engine oil level without opening the hood.

Your CX-90 determines your maintenance requirements based on your actual driving conditions. When it is time for an oil change, your CX-90 will inform you by illuminating the wrench indicator light in the instrument cluster. We recommend contacting your Mazda Retailer to book a service visit.

Expect your wrench indicator to illuminate before reaching the maximum interval of 16,000 KM or 12 months¹ from your previous maintenance visit.

MAINTAIN THE HARMONY OF YOUR CX-90 WITH GENUINE MAZDA PARTS

Every aspect of your CX-90 has been meticulously engineered to operate in harmony. Whether you drive the CX-90 Mild-Hybrid with the e-SKYACTIV-G Inline 6 Turbo engine or the CX-90 Plug-In Hybrid with the e-SKYACTIV 2.5 L PHEV engine, always select Genuine Mazda Parts designed specifically for your CX-90 to help ensure reliability and longevity. When the Mazda-trained technicians install your Genuine Mazda Parts, our Replacement Parts Limited Warranty will be activated.⁹

SEASONAL MAINTENANCE TO PROTECT YOUR PEACE OF MIND

EXPERT PREPARATION

Visit our factory-trained technicians to prepare your CX-90 for seasonal demands, from oil changes to battery inspections.

MAZDA APPROVED TIRES

Trust our experts to help you find the right tires for your CX-90 – tailored for peak performance and safety, including winter tires designed for optimal grip in temperatures below 7°C.

WHEEL ALIGNMENT

Proper wheel alignment is essential to the safe, smooth operation of your CX-90. Mazda highly recommends having your vehicle alignment checked once per year.¹⁰

MAKE THE MOST OF THE MYMAZDA APP¹¹

Stay updated with your Mazda's active health report - view oil and fuel levels, maintenance alerts and more at a glance in the MyMazda app.

- 1 Maximum interval, whichever comes first.
- 2 Inspect is defined as: inspect and clean, repair, adjust, fill up, or replace if necessary.
- 3 Reset the engine oil data after replacing the engine oil regardless of the message/wrench indicator light display. Genuine Mazda Engine Oil GF-6 OW20 is the newest ILSAC engine oil performance standard aimed at improving fuel economy and enhancing engine capabilities.
- 4 Inspect spare tire if equipped.
- 5 Unique Brake Fluid for Brake by Wire equipped for e-SKYACTIV models like CX-90 is required.
- 6 According to state/provincial and federal regulations, failure to perform maintenance on these items will not void your emissions warranties. However, Mazda recommends that all maintenance service be performed when the onboard vehicle status monitor indicates service is due to ensure long-term reliability.
- 7 Mazda Genuine Spark Plugs newly developed for the SKYACTIV-G (H3T), H3T is Inline 6 gasoline engine with 48V Mild-Hybrid boost battery – Use only Mazda Genuine Spark Plugs for H3T vehicles. Spark plug replacement should be only performed by a trained Mazda technician, not by a vehicle owner.
- 8 Maximum interval, whichever comes first. Use of FL-22 is required when replacing engine coolant. Using engine coolant other than FL-22 may cause serious damage to the engine and cooling system.
- 9 Refer to your warranty information booklet.
- 10 Alignments are not part of your regular scheduled maintenance, but an additional service. Requirements are subject to road conditions experienced while driving.
- 11 Connected Services features may differ slightly by carline. See Connected Services on mazda.ca for details.
